# Users Stories :

*AS A User  
I Want To...  
See the categories list on the main screen.  
So That...  
I can choose among them easily.*

*AS A...  
User  
I Want To...  
Smart search engine.  
So That...  
I can find what I want easily.*

*AS A User  
I Want To...  
Have my own account on the software..  
So That...  
I have my own data.*

*AS A User  
I Want To...  
Be able to communicate with the administration..  
So That...  
They help me with any problem that may face me..*

*AS A User  
I Want To...  
Have a timeline page.  
So That...  
I can keep in touch with other users and their own posts.*

*AS A User  
I Want To...  
I can keep in touch with other users and their own posts..  
So That...  
I feel safe to use my account on buying and on the social things.*

*AS A User  
I Want To...  
Have a social way on the software to communicate with other users.  
So That...  
We can talk about our reviews and help each other.*

*AS A User  
I Want To...  
Have an inbox tab.  
So That...  
I can see my message from other users.*

After lots of  
meetings and  
discussions

THERE ARE THE STEPS.....

# S c r u m   M a s t e r

Ahmed Ibrahim

He gave everyone of team his role to build the system perfectly

He divided projects into sprints....

## Thinking about Roles & sprints

The Scrum master thinks a lot about sprints and roles  
But he do his best to give everyone his ideal role to finish the system before estimated time

and finish every sprint in time

# The project is Divided into 3 Sprints...

sprint 1									
estimated		start time		finish time					
actual		1/3/2018		13/3/2018					
		1/3/2018		12/3/2018
